Dear Potential Young Farmer:

The Delaware Department of Agriculture and the Delaware Agricultural Lands Preservation Foundation are pleased that you have an interest in the Young Farmers' Loan Program. As you previously requested, enclosed is information concerning this Program. Included in this packet are:

1. Copy of Senate Bill No. 117, which establishes the Young Farmers program.
2. Copy of the Young Farmers Farmland Purchase and Preservation Loan Program Procedures and Guidelines.
3. Prequalification Application (Form A).
4. Loan Application (Form B).
5. Sample Young Farmers Agricultural Lands Preservation Easement (Form C).

Also enclosed is a two-page summary of programs that are available from the USDA Farm Services Agency (FSA) and Rural Development Program that may offer additional funding for young farmers. We encourage you to contact these agencies to learn more about their programs.

Please note that you may submit a Prequalification Application (Form A) at any time; however, you only submit the Loan Application (Form B) once you have a property ready for acquisition (with a fully executed Agreement of Sale or Option Agreement) and an eligibility/commitment letter from your lender if you will use a loan to finance the remainder of the purchase. **Additionally, the Foundation Board establishes times when they will accept Loan Applications based on available funding. The current application period (Round 8) for Young Farmer loan applications is August 1 through December 31, 2018.**

The Agricultural Lands Preservation Easement (Form C) provided is a sample of the easement agreement that you would sign upon the purchase of the farm and the receipt of the loan from this program. This is a sample only and you do not need to complete it at this time.

If you have any questions concerning the above, please do not hesitate to contact our office. We are here to answer your questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'E. Austin Short', is written over a light blue horizontal line.

E. Austin Short

FARMLAND PURCHASE AND PRESERVATION LOAN PROGRAM PROCEDURES AND GUIDELINES

The following Procedures and Guidelines are designed for use in connection with the administration of the Farmland Purchase and Preservation Loan Program (herein the "Program").

To the extent that any of the following Procedures and Guidelines are inconsistent with the statutory provisions of the Program (3 Del. Code Sections 942 through and including 948), the statute shall control.

1. **Eligibility Criteria.** In order to receive loan monies from the Foundation under the Program, the successful applicant must meet all of the following eligibility criteria:
 - a. Applicant must be at least 18 years of age and no older than 40 years of age at the time the Loan Application is submitted to the Foundation.
 - b. Applicant must be a resident of the State of Delaware and have at least three (3) years of farming experience.
 - c. Applicant must have a net worth of *no more* than \$300,000.
 - d. The farmland to be purchased must be located in Delaware and contain at least 15 tillable acres, and the Applicant must not own (or have an ownership interest in) more than twice the tillable acres subject to purchase with Program funds.
 - e. The farmland being purchased may be comprised of tillable acres, forestlands, or wetlands, provided the tillable acres comprise at least 15 acres, but must be zoned for agricultural usage.
 - f. The farmland being purchased must not be subject to an existing Preservation Easement, conservation easement, or similar limitation which restricts residential or commercial development.
 - g. Applicant must commit that he/she will remain actively engaged in agricultural usage of the farmland during the term of the Program loan.
 - h. At the time a Loan Application is submitted, the Applicant must have a fully executed Agreement of Sale or Option to Purchase the eligible property. It is not necessary to have an Agreement of Sale or Option to Purchase in order for an Applicant to submit a Prequalification Application.

2. **Prequalification.** Any individual may seek a predetermination from the Foundation Staff that he/she meets the eligibility requirements of the Program by submitting a signed Prequalification Application in the form attached hereto as **FORM A**. Upon receipt of a properly executed **FORM A**, the Foundation Staff shall review the information set forth therein, and promptly advise the Applicant, in writing, whether or not the Applicant satisfies the minimum eligibility requirements of the Program. Any such determination shall be based solely upon the accuracy of the information contained in **FORM A**, and shall not constitute a guarantee that the Applicant will be awarded any loan under the Program.

3. **Loan Application Process and Timeline.** Any individual seeking a loan under the Program must first submit a signed Loan Application in the form attached hereto as **FORM B**. The Loan Application must be accompanied by a fully executed Agreement of Sale or Option to Purchase the eligible property. Loan Applications shall be reviewed and processed as follows:
 - a. Loan Applications received before December 31, 2011 shall be processed during the period January 1, 2012 through March 31, 2012, with the goal of issuing approval letters in the form of a loan commitment issued by the Foundation on or before March 31, 2012.

- b. For Loan Applications submitted after December 31, 2011, the Loan Application shall be processed during the calendar quarter *following* the date of receipt of the Loan Application by the Foundation, and the Foundation shall endeavor to issue loan commitments to successful applicants before the expiration of the calendar quarter following the date of receipt of the Loan Application.
 - c. Any approvals shall be subject to the availability of funding.
 - d. The Foundation shall schedule settlements on approved loans simultaneously with the purchase of the designated farmland and coinciding with the closing on any private loans utilized by the successful applicant for the purchase of the farmland. Settlements shall occur within six (6) months of approval of the Foundation loan, unless extended by the Foundation.
4. **Appraisal Process.** Upon receipt of a properly executed Loan Application, the Foundation's Staff shall review the Loan Application to determine if the Loan Application is complete and the Applicant meets the eligibility requirements of the Program. For each properly completed Loan Application by applicants meeting the eligibility requirements of the Program, the Foundation shall obtain, at its expense, an appraisal of the eligible farmland property for purposes of determining the fair market value of the proposed Preservation Easement. The appraisal methodology shall be consistent with the methodology used by the Foundation in the purchase of preservation easements pursuant to 3 Del. Code Section 913. For each Loan Application, the Staff shall determine the loan to value ratio for the amount of the loan requested, by dividing the amount of the loan by the appraised value of the Preservation Easement.
5. **Selection Process.** The approval of any loan under the Program is subject to the discretion of the Foundation. If more than one Loan Application is under review, the Board shall endeavor to give priority to the Loan Application that has the lowest loan to value ratio. If there are competing applications with equal Loan to Value ratios and all of the competing applications cannot be funded, the Foundation shall use the highest LESA score for the Preservation Easement area as the basis for making the selection. The Foundation's selection for applications under review for each quarter shall be made at the regularly scheduled Board meeting of the Foundation held during the last month of the calendar quarter following the date of receipt of the Loan Application. The Foundation is under no obligation to provide a loan to any applicant. Any loan application approved by the Foundation is nevertheless subject to veto by the Delaware Secretary of Agriculture pursuant to 3 Del. Code Section 949. If the Secretary fails to exercise his or her veto power at the meeting at which the loan is approved, the Secretary's veto power shall be deemed waived.
6. **Loan Terms and Conditions.** Any Loan approved by the Foundation must comply with the following conditions:
 - a. The maximum amount of loans provided to any individual recipient (including any prior loans approved and consummated under the Program) shall not exceed \$500,000. Loan proceeds may only be used for the purchase of qualified farmland and farmland improvements, and shall not be used, or secured by a lien on, the purchase of residential dwellings.
 - b. At the loan closing, the successful applicant shall execute a Preservation Easement in the form attached hereto as **FORM C**.
 - c. The Loan amount shall not exceed seventy (70%) of the appraised value of the Preservation Easement to be placed on the farmland to be purchased.
 - d. The Preservation Easement shall not be subordinated to any liens or encumbrances.
 - e. The successful Applicant shall execute a Promissory Note (the "Note") which shall be secured by a Mortgage on the purchased farmland. The Note and Mortgage shall:
 - (i) Be subordinated to any other loans provided to the successful Applicant by a third party for use in the purchase of the farmland;
 - (ii) Not be subordinated to the Preservation Easement;
 - (iii) Be without interest with a payback period not to exceed thirty (30) years, with the first payment due within thirty (30) days after any other Mortgage on the farmland has been paid and satisfied.

- (iv) Provide that upon the sale or transfer of the farmland, the entire amount due under the Note and Mortgage shall be paid in full, unless the Foundation, in its sole discretion, consents to the assumption of the Note and Mortgage by a purchaser of the farmland who satisfies the loan eligibility requirements of the Program in effect at the time of the transfer.
- f. The farmland to be purchased, including any residential area, shall be surveyed at the expense of the Foundation. The survey shall identify the farmland and the residential areas located within the property to be purchased, and shall be used to determine the value of the Preservation Easement.
- g. The Applicant shall be responsible for payment of all closing costs associated with any commercial or private financing required to complete the purchase.
- h. At the time of submission of a Loan Application, the Applicant shall identify the source of any commercial or private financing needed to complete the purchase, and provide the Foundation with documentation from such source confirming that the Applicant is eligible to seek such financing.
- i. The Applicant must take title to the farmland in Applicant's individual name.

Potential USDA Programs for Young Farmers

(PLEASE NOTE: These are federal programs and are not related to Delaware's Young Farmers Program – please contact these agencies for more information)

Farm Service Agency Loan Programs for Beginning Farmers & Ranchers

The Farm Service Agency (FSA) provides direct and guaranteed loans to beginning farmers and ranchers who are unable to obtain financing from commercial credit sources. Each fiscal year, the Agency targets a portion of its direct and guaranteed farm ownership (FO) and operating loan (OL) funds to beginning farmers and ranchers.

A beginning farmer or rancher is an individual or entity who (1) has not operated a farm or ranch for more than 10 years; (2) meets the loan eligibility requirements of the program to which he/she is applying; (3) substantially participates in the operation; and, (4) for FO loan purposes, does not own a farm greater than 30 percent of the median size farm in the county. (Note: all applicants for direct FO loans must have participated in business operation of a farm for at least 3 years.) If the applicant is an entity, all members must be related by blood or marriage, and all stockholders in a corporation must be eligible beginning farmers.

Beginning farmers may choose to participate in a joint financing arrangement. With this arrangement, FSA lends up to 50 percent of the amount financed, and another lender provides 50 percent or more. The interest rates can be obtained from your local FSA office and the term of the loan will not exceed 40 years or the useful life of the security

Where to Apply

Applications for FSA direct loan assistance in Delaware may be submitted to the FSA Farm Loan team based in the USDA Service Center at 21315 Berlin Rd, Georgetown, De. For guaranteed loans, applicants must apply to a commercial lender who participates in the Guaranteed Loan Program. Contact the FSA office for a list of participating lenders.

USDA Rural Development

Rural Housing Service:

Single Family Housing Direct Loan Program (Section 502 Direct Loan Program)

<http://www.rd.usda.gov/programs-services/single-family-housing-direct-home-loans>

This program assists low-income individuals or households purchase homes in rural areas. Funds can be used to build, repair or relocate a home, or to purchase and prepare sites, including providing water and sewage facilities. To qualify for this program, you must be unable to obtain a homeownership loan from a bank or other conventional sources. Applicants can check their income and property eligibility using the USDA Rural Development website. Loan payments are based on income and no down payment is required. The standard term for a loan is 33 years for most borrowers. The interest rate is set by Rural Development, and is based on your current income. For more information contact Delaware's USDA Rural Development State Office.

Single Family Housing Guaranteed Loan Program (Section 502 Guaranteed Loans)

<http://www.rd.usda.gov/programs-services/single-family-housing-guaranteed-loan-program>

This program assists approved lenders in providing low- and moderate-income households the opportunity to own adequate, modest, decent, safe and sanitary dwellings as their primary residence in eligible rural areas. Eligible applicants may build, rehabilitate, improve or relocate a dwelling in an eligible rural area. The program provides a 90% loan note guarantee to approved lenders in order to reduce the risk of extending 100% loans to eligible rural homebuyers. Applicants must:

- Meet income-eligibility guidelines (which can be accessed online)
- Agree to personally occupy the dwelling as their primary residence
- Be a U.S. Citizen, U.S. non-citizen national or Qualified Alien
- Have the legal capacity to incur the loan obligation
- Have not been suspended or debarred from participation in federal programs
- Demonstrate the willingness to meet credit obligations in a timely manner
- Purchase a property that meets all program criteria

To get started, applicants must contact an approved lender. Applicants can review a partial list of approved lenders, and information about all of the approved lenders in Delaware, by contacting the Guaranteed Loan Coordinator at Delaware's USDA Rural Development State Office.

Single Family Housing Repair Loans & Grants (Section 504 Loan & Grant Program)

<http://www.rd.usda.gov/programs-services/single-family-housing-repair-loans-grants>

Also known as the Section 504 Home Repair program, this program provides loans to very-low-income homeowners to repair, improve or modernize their homes or grants to elderly very-low-income homeowners to remove health and safety hazards. To qualify, you must:

- Be the homeowner and occupy the house
- Be unable to obtain affordable credit elsewhere
- Have a family income below 50% of the area median income
- For grants, be age 62 or older and not be able to repay a repair loan

Applicants can check the address of their home to determine eligibility using the USDA Rural Development website. For more information, contact a USDA home loan specialist at Delaware's USDA Rural Development State Office.

Business and Cooperative Programs:

Value-Added Producer Grants (VAPG)

<http://www.rd.usda.gov/programs-services/value-added-producer-grants>

The VAPG program helps agricultural producers enter into value-added activities related to the processing and/or marketing of bio-based, value-added products. Generating new products, creating and expanding marketing opportunities, and increasing producer income are the goals of this program. You may receive priority if you are a beginning farmer or rancher, a socially-disadvantaged farmer or rancher, a small or medium-sized farm or ranch structured as a family farm, a farmer or rancher cooperative, or are proposing a mid-tier value chain. Grants are awarded through a national competition. Each fiscal year, applications are requested through a notice published in the Federal Register and through an announcement posted on Grants.gov. Independent producers, agricultural producer groups, farmer- or rancher-cooperatives, and majority-controlled producer-based business ventures are eligible to apply for this program. Grant and matching funds can be used for planning activities or for working capital expenses related to producing and marketing a value-added agricultural product. Examples of planning activities include conducting feasibility studies and developing business plans for processing and marketing the proposed value-added product. Examples of working capital expenses include: Processing costs, marketing and advertising expenses, and some inventory and salary expenses. For more information, contact Delaware's USDA Rural Development State Office.

Rural Energy for American Program Loan Guarantees/ Grants (REAP)

<http://www.rd.usda.gov/programs-services/rural-energy-america-program-renewable-energy-systems-energy-efficiency>

The REAP program provides guaranteed loan financing and grant funding to agricultural producers and rural small businesses to purchase or install renewable energy systems or make energy efficiency improvements. Agricultural producers with at least 50% of gross income coming from agricultural operations and small businesses in eligible rural areas may apply for this program. Agricultural producers and small businesses must have no outstanding delinquent federal taxes, debt, judgment or debarment. Funds may be used for the purchase, installation and construction of renewable energy systems, such as: Biomass (for example: biodiesel and ethanol, anaerobic digesters, and solid fuels), Geothermal for electric generation or direct use, Hydropower below 30 megawatts, Hydrogen, Small and large wind generation, Small and large solar generation, Ocean (tidal, current, thermal) generation, and etc. For more information, contact the State Rural Development Energy Coordinator at Delaware's USDA Rural Development State Office.

AGRICULTURAL LANDS PRESERVATION EASEMENT GRANTED PURSUANT TO THE DELAWARE FARMLAND PURCHASE AND PRESERVATION LOAN PROGRAM

THIS PRESERVATION EASEMENT, made, granted, assigned and conveyed this _____ day of _____, A.D. 20__, by @, whose address is @, and who are hereinafter referred to as "Grantor", and the **DELAWARE AGRICULTURAL LANDS PRESERVATION FOUNDATION**, a body politic and corporate constituting a public instrumentality of the State of Delaware, and which is hereinafter referred to as "Grantee" and/or "Foundation."

WHEREAS, Grantor is fee simple title holder of certain lands situated in @, @County, Delaware, being of record in Deed Book @, Page @, at the Office of the Recorder of Deeds, in and for @ County, Delaware, hereinafter referred to as the "Parcel" and more particularly described in Exhibit "A" (annexed hereto); and as shown on a plot entitled "Delaware Agricultural Lands Preservation Foundation – Lands of @" (hereinafter the "Plot") as prepared by @, dated @ and recorded in the aforesaid Office of the Recorder of Deeds in Plot Book _____, Page _____.

WHEREAS, the General Assembly of the State of Delaware has declared that the preservation of the State's farmlands and forest lands is considered essential to maintaining agriculture as a viable industry and as an important contributor to Delaware's economy; and

WHEREAS, the General Assembly of the State of Delaware has recognized that a need exists to create sufficient economic incentives and benefits to encourage agricultural landowners to voluntarily place viable agricultural lands under protective restrictions through the creation of and participation in agricultural preservation districts and sale and/or donation of development rights;

WHEREAS, the Grantor desires to grant and convey to the Foundation an agricultural lands preservation easement as provided in Chapter 9, Title 3 of the Delaware Code Annotated.

NOW, THEREFORE, the Grantor, for and in consideration of the sum of One Dollar (\$1.00) and the loan provided under the Delaware Farmland Purchase and Preservation Loan Program, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and in consideration of the benefits conferred under 3 Del. C. Ch. 9, hereby grants and conveys to the Foundation, its successors and assigns, an agricultural lands preservation easement on and over the Parcel, and covenants and promises that the Parcel will be owned, used and conveyed subject to, and not in violation of, the following restrictions:

1. No rezoning or major subdivision of the real property shall be allowed.

2. Except as otherwise provided for herein, activities conducted on the real property shall be limited to agricultural and related uses as defined in 3 Del. C. Sections 902 and 909(a)(5). "Agricultural and related uses" does not include, among other things, such activities as:

(a) excavation, filling, borrow pits, extraction, processing and removal of sand, gravel, loam, rock or other minerals, unless such activities are currently required by or ancillary to any preparation for, or operation of any activities involving aquaculture, farm ponds, cranberry operations, manure handling facilities, and other activities directly related to agricultural production on the Parcel;

(b) acts, actions and neglect which are detrimental to drainage, flood control, water conservation, erosion control or soil conservation;

(c) acts, actions and neglect that negatively affect the continued agricultural use of the land.

(d) uses that are not directly and functionally related to the farming activities conducted on the Parcel, except as otherwise provided for in 3 Del. C. Section 909(a)(5).

3. The allowability of a general use, conditional use, special use or other use under any zoning law or ordinance shall not have any effect on the restrictions imposed on the Parcel under this easement.

4. The Parcel consists of @ acres. The area allowed for residential use shall be limited to @ (@) acres. No more than three (3) dwelling houses for residential use are permitted on the Parcel and must be located within the area shown on the Plot and identified as the "Proposed Residential". The Residential Area identified on the Plot is identified solely for the purpose of subjecting said Residential Area to the restrictions set forth in 9 Del. C. Section 909(a)(4)(a) and 909(a)(4)(b). The balance of the Parcel shall be subject to this Agricultural Lands Preservation Easement.

5. This easement shall be deemed a covenant which runs with and binds the Parcel permanently and in perpetuity as set forth in 3 Del.C. §909(c), the terms and conditions of which shall be subject to specific performance and other action allowed under 3 Del.C. §920. Pursuant to the Farmland Purchase and Preservation Loan Program, this easement shall **not** be subject to release under 3 Del.C. §917. This easement shall be binding upon the heirs, executors, administrators, successors and assigns of the Grantor. This easement may be managed, administered and enforced by the Grantee or the State of Delaware.

6. The provisions of Title 3, Chapter 9 of the Delaware Code Annotated and duly adopted regulations there under as such provisions relate to the Parcel shall govern this easement, except as otherwise provided for herein.

7. Notwithstanding anything stated herein to the contrary, the rights afforded Grantee under this Preservation Easement may only be assigned by Grantee to a "qualified organization" within the meaning of Section 170(h) of the Internal Revenue Code or the comparable provision in any subsequent revision of the Code and only with assurances that the purposes of this Preservation Easement, as described herein, will be maintained in perpetuity by such Assignee. If any such Assignee shall be dissolved or shall abandon this Preservation Easement or the rights and duties of enforcement herein set forth, the Preservation Easement and the rights of enforcement shall revert to the Grantee, and if the Grantee shall be dissolved and if the terms of the dissolution fail to provide a successor, then the State of Delaware, or its successors or assigns, shall appoint an appropriate successor as Grantee, and any such successor shall be a "qualified organization" within the meaning of Section 170(h) of the Internal Revenue Code or the comparable provision in any subsequent revision of the

Code. No assignment may be made by the Grantee of its rights under this Preservation Easement unless the Grantee, as a condition of such Assignment, requires the Assignee to carry out the conservation purposes of this Preservation Easement, as described herein. Grantee agrees to hold this Preservation Easement exclusively for conservation purposes as defined in Section 170(h)(4)(A) of the Internal Revenue Code.

8. The Preservation Easement granted hereunder shall be perpetual.

DELAWARE STATE SENATE
146th GENERAL ASSEMBLY

SENATE BILL NO. 117

AN ACT TO FACILITATE THE ACQUISITION AND PRESERVATION OF AGRICULTURAL LANDS
BY YOUNG FARMERS

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF DELAWARE:

Section 1. Amend Chapter 9, Title 3 of the Delaware Code by providing a new Subchapter VI to read as follows:

“Subchapter VI. Farmland Purchase and Preservation Loan Program

§942. Purpose, policy and intent.

In furtherance of the declared policy of the State to conserve, protect and encourage use and improvement of agricultural lands and to encourage, promote and protect farming as a valued occupation it is important to provide a means of facilitating the acquisition of farmland by young farmers, while furthering the goal of permanently protecting the farmland which is acquired through the placement of permanent Preservation easements on the acquired farmland property. To accomplish this objective it is desirable to establish a farmland purchase and preservation loan program in accordance with the provisions of this subchapter.

§943. Loan Program.

There is hereby established a farmland purchase and preservation loan program to be administered by the Foundation.

§944. Loan Program Eligibility.

(a) In order to receive loan monies from the Foundation for the purchase and preservation of farmlands the following eligibility criteria shall apply:

1. The loan recipient shall be at least 18 years of age and no older than 40 years of age at the time a loan application is submitted to the Foundation.
2. The loan recipient at the time of loan application shall have at least three (3) years of farming or agriculturally related activity experience.

3. The loan recipient at the time of loan application shall have a net worth of no more than \$300,000.

4. The loan recipient shall be required to take title to the farmland in an individual name.

5. The farmland subject to purchase shall contain at least fifteen (15) tillable acres.

6. The loan recipient prior to the receipt of loan monies shall not own or have an ownership interest in more than twice the tillable acres of farmland than the amount of tillable acres subject to purchases with loan monies.

7. The farmland shall be located in the State of Delaware.

8. Loan applicants shall be residents of the State of Delaware.

9. The farmland subject to purchase may be comprised of a combination of tillable acres, forestlands or wetlands; provided however, that the farmland property is zoned for agricultural usage.

10. The farmlands being purchased shall not be subject to an existing Preservation easement, conservation easement or similar limitation which restricts residential or commercial development.

11. Loan applicants shall contractually commit that they will be actively engaged in agricultural usage of the purchased farmland during the term of the Foundation loan.

(b) The Foundation shall be entitled to adopt a loan application form requesting information from the loan applicant which includes, but is not limited to, information regarding loan eligibility.

§945. Loan Requirements and Approval.

(a) The following requirements and conditions shall apply to loans provided by the Foundation:

(1) The maximum total amount of loans provided to an individual recipient shall not exceed \$500,000.

(2) The maximum loan amount for any loan shall not exceed seventy percent (70%) of the appraised Preservation easement value of the farmland property which is being purchased and subject to perpetual Preservation easement.

(3) A condition of the loan is that the eligible farmland being acquired is to be subjected at closing to a permanent Preservation easement in the form determined by the Foundation, such easement to have priority status and not be subject to subordination.

(4) The loans provided by the Foundation shall be secured by Notes and Mortgages which allow for the following conditions:

a. Notes and Mortgages will be subordinated to other loans provided for the purchase, in whole or in part, of the eligible farmlands; provided however, that the perpetual Preservation easement placed on the eligible farmland property at the time of settlement shall not be subordinated.

b. The Notes and Mortgages shall bear no interest and the payback may be structured for final payback within thirty (30) years, with initial payments to begin after the primary commercial or other financing for the purchase of the farmland property is satisfied or released.

c. The Notes and Mortgages shall contain a requirement for payment in full of the balance of the loan upon the sale or transfer of the secured farmland property; provided however, the Foundation shall have the discretion to allow for assumption of the loan by the transferee under such terms and conditions deemed advisable, provided the transferee satisfies the loan eligibility requirements set forth in Section 945(a) above.

(5) Loans shall be limited to the purchase of farmland and farmland improvements only.

Portions of the property subject to purchase which are used or proposed for use for residential purposes shall not be eligible for loans, provided further nonetheless, that those lands used or intended for use for residential purposes shall be subject to the limitations set forth in Section 904(a)(4) a. and b. of this Chapter.

(b) The approval of loans by the Foundation under this subchapter is purely a discretionary function and the Foundation shall be under no obligation to provide a loan to any applicant.

§946. Preservation Easements.

(a) The Preservation easements provided as a condition for receiving a loan under this subchapter shall include, but not be limited to, the following conditions:

- (1) The Preservation easement binds and runs with the farmland in perpetuity, and is not subject to the termination provisions of Section 917 of this Chapter.
- (2) No residential use is allowed on the farmland subject to the Preservation easement.
- (3) The farming and related uses as specified under Section 909(a)(5)a. through h. inclusive of this Chapter shall be allowed.
- (4) Except as expressly provided otherwise, the farmland subject to a Preservation easement under this subchapter shall have the same benefits, controls and restrictions as those Preservation easements otherwise acquired pursuant to the provisions of this Chapter, and provided further the Foundation shall be entitled to take enforcement action as provided in Section 920 of this Chapter.

(b) The Preservation easements acquired under this subchapter shall not be affected by the payment status of the loan.

§947. Preservation Loan Fund.

There is hereby established a preservation loan fund to be maintained, operated, supervised and administered by the Foundation, and used for making loan payments and related transaction costs and expenses for the loans provided under this subchapter. Monies for the preservation loan fund may be derived from specific appropriations provided by the General Assembly, federal grants, county and municipal grants and private funding. The fund shall be operated as a revolving fund, with monies paid to the Foundation as repayment of loans or condemnation related compensation deposited in the fund and used to make additional loans.

§948. Administration.

(a) In carrying out the responsibilities of administering the loan program the Foundation shall be entitled to:

- (1) Adopt an application and other forms for processing applications and closing loan transactions.
- (2) Establish a prequalification system for potential loan applicants.
- (3) Establish schedules and timelines for processing applications and making loan decisions.
- (4) Require the submission by applicants of a farm plan which includes a loan repayment plan.
- (5) Provide assurances to commercial or other lenders regarding willingness to subordinate Foundation loans to commercial or other loans needed to acquire farmland.
- (6) Structure and restructure the payment provisions of loans, provided however, that payments due the Foundation under any loan shall not be forgiven in whole or in part.
- (7) Have appraisals performed under an appraisal methodology approved by the Foundation to determine the fair market value and Preservation easement value of loan eligible farmland property.
- (8) Develop selection criteria for approving loans involving competing applicants, with emphasis on selecting on a priority basis the loan applicant or applicants who request a loan with the lowest percentage value of the appraised Preservation easement value of the eligible farmland.
- (9) subordinate Foundation loans to commercial financing provided to support farming operations conducted on the purchased farmlands.
- (10) Cooperate with commercial lenders and others providing financing for the purchase of eligible farmlands to facilitate the successful completion of purchase transactions.
- (11) Establish a system for annual reporting by loan recipients to assure that the loan recipients are actively engaged in agricultural usage of the acquired farmlands.

(b) The Foundation shall be entitled to advertise and promote the loan program, and create public awareness of the agricultural land preservation, open space and environmental benefits which the program provides.

(c) The Foundation shall be entitled to adopt rules of practice and procedure for administering the loan program.

§949. Secretary's Veto.

With respect to any loan application approved by the Foundation under this subchapter, the Secretary shall be entitled to veto any such approval at the time that the approval is granted. In the event the Secretary fails to exercise the veto power at the meeting at which the approval is granted, the veto power shall be deemed waived.”

SYNOPSIS

Delaware has implemented a successful agricultural lands preservation program under which Preservation easements have been acquired to permanently protect over 100,000 acres or approximately 20% of Delaware's available farmland. To carry on Delaware's agricultural legacy and maintain agriculture as a leading component of Delaware's economy there is a need to facilitate the acquisition of farmlands by Delaware's younger generation of farmers. The loan program established by this legislation serves the dual purpose of permanently protecting farmland through Preservation easements and providing to younger farmers the much needed equity basis for obtaining commercial loans by providing favorable subordinated loans from the Foundation to make the farmland purchases.

The value of the Preservation easement obtained by the Foundation in return for the program loan would be greater than the program loan amount, thus protecting the interests of the State even if a default in repayment of the program loan occurs. When the program loans are repaid at the end of the loan term or sooner, the monies are reinvested in the program to provide further loans and permanently preserve additional farmland.
