Watershed Name: Estimated % of Land: / Watershed Name: Estimated % of Land:

4. Agricultural Nutrient Management Plan & Soil Testing Cost Assistance

Pick the appropriate acreage category for your operation, then pick the rate based on a 1 year plan with updates or a 3 year plan*.

Table with columns: Acreage, Rates, Your Acreage - Ac. Adj., Base Acres, x, Rate based on acreage, Base Rate, Total Claim. Rows include categories like 500 acres or less, 501-1000 acres, 1001-2000 acres, and More than 2000 acres.

* For the 3 year rate a 3 year plan must be developed.

5. Years of Nutrient Management Planning

Year 1 Year 2 Year 3
20__ 20__ 20__

The undersigned agrees to indemnify and hold harmless the Delaware Department of Agriculture and the Delaware Nutrient Management Commission from any liability resulting from the utilization of program funds. Failure to comply with the terms of the Delaware Agriculture Nutrient Management Plan Cost Share Program or the duplication of any other nutrient management plan funding program may result in exclusion from payment of claims and liability for returning the full amount of claims paid. I understand the above nutrient applied land is to be managed under a nutrient management plan for three years. This claim as submitted does not exceed the amounts incurred for nutrient management planning and soil sampling.

6. ***Claim for payment with invoice of services must be submitted by May 1st, unless an extension is granted.***
