Race Day 8

1:15 PM First Post

88 degrees +/- Partly Cloudy

Track - Fast Turf – Firm

Administrative Log. Approved scratches for today, reviewed and filed veterinarian daily treatment sheets. Selected blood gas test horses. Suspended an Owner for non-payment of a fine from 2019. Riders were concerned that the track was not getting enough water, Stewards contacted the trackman. We had two (2) horses stumble out of the gate with one (1) rider being unseated. The trackman was getting more water on the track, but it was evaporating quickly due to the heat and humidity. Stewards will suggest for Monday's race program that more time may be needed in between races to maintain the course.
